

## 2022 Coaches Invitational Tournament

---

February 1, 2022

Dear Coach,

My name is Terry Gebhardt, owner of Nip It Golf- an indoor golf center. Nip it Golf is located on W Loop 281 in Longview, TX and will celebrate 3 years in business this July. The facility features five state of the art TruGolf simulators that allow participants to improve their game. Every shot has analytical feedback about your swing and ball flight that is critical to understanding what is affecting your players ability to reach their maximum potential. The software features four driving ranges that work on different aspects of the game along with an infinitely customizable putting and chipping practice area. If you want to play a round of golf, you can choose from over 100 PGA and LPGA courses from around the world.

I want to share an opportunity to experience Nip It Golf while also earning money for the students in your high school golf programs. I have organized a friendly competition between the East Texas high school coaches on **Saturday, February 19, 2022** from **8am-11am**. Each participating coach is guaranteed \$100 for their school golf program with the winner awarded an additional \$500 for their school; courtesy of Whataburger LLC. There is no cost to enter the tournament. Tournament play will be a one-on-one competition on the front nine of Pinehurst #8.

Nip It Golf is a proud partner and supporter of many community activities in Longview and is honored to host this tournament to support local high school golf students.

*Terry Gebhardt*
